

Yellow Fever Vaccination Centre (YFVC) best practice review

See [Conditions of Designation](#) and [Code of Practice for YFVC](#)

✓/✗

Action Points
(completion date)

Registration details	Are the YFVC registration details up to date; have you reported any changes to NaTHNaC?
Annual return	Has the YFVC completed and submitted an Annual Return this year?
Anaphylaxis and Resuscitation	<p>Does the YFVC have a policy for anaphylaxis and resuscitation management?</p> <p>Are all health professionals (HP) responsible for administration of vaccines, up-to-date with resuscitation/anaphylaxis training?</p>
Cold chain	<p>Does the YFVC have a policy for cold chain and vaccine stock management?</p> <p>Does the YFVC have a vaccine fridge that meets the required standard for vaccine storage?</p>
Record keeping	<p>Does the YFVC have systems in place to ensure records of vaccination will be maintained and archived according to national policy?</p> <p>Do the HP responsible for YF vaccine administration, know how to correctly complete and re-issue an International Certificate of Vaccination or Prophylaxis?</p>
Training	<p>Have HP responsible for providing YF vaccine services, undertaken NaTHNaC YF e-learning (+/- virtual classroom)?</p> <p>Are HP aware of precautions and contraindications to YF vaccination?</p> <p>Are all staff aware of the YFVC Conditions of Designation, Code of Practice and Commission on Human Medicines 2019 report?</p>
Clinical incidents / Adverse event Reporting	Do HP know how to report serious adverse events following the YF vaccine or inadvertent administration of YF vaccine (i.e. YF vaccine given where there was a contraindication)?

These points are reminders of the key recommendations and requirements for YFVC under the Conditions of Designation and Code of Practice. Please refer to these documents in full. Supporting information for YFVC is available in the [Yellow Fever Zone](#).
